Re: FINAL NOTICE - Patient Protection and Affordable Care Act Compliance
Certification

John Boardman:

I previously sent you a letter dated March 14, 2013 (a copy of which is enclosed) asking you to sign and return a Patient Protection and Affordable Care Act ("PPACA") compliance certification.

You are receiving this letter because I have not received your certification. If I do not receive your completed certification form by May 31, 2013, ARAMARK will assume the plan is now and will continue to be non-compliant on January 1, 2014, and will act accordingly in order to prevent ARAMARK from being fined or subject to penalties should an employee access one of the health care exchanges and receive a subsidy.

Feel free to contact me should you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Steve Kaufman".

Steve Kaufman
ARAMARK
