Board of Trustees of the
Warehouse Employees' Union
Local No. 730 and Contributing Companies'
Prepaid Legal Services Fund
911 Ridgebrook Rd,
Sparks, Maryland 21152

We are pleased to confirm our understanding of the services we are to provide for the Warehouse Employees' Union Local No. 730 and Contributing Companies' Prepaid Legal Services Fund (the Plan) for the year ended December 31, 2014 in connection with its annual reporting obligation under the Employee Retirement Income Security Act of 1974 (ERISA).

We will audit the statement of net assets available for benefits and benefit obligations of the Plan as of December 31, 2014 and the statement of changes in net assets available for benefits and benefit obligations for the year then ended. Also, the following supplementary information accompanying the financial statements, as applicable, will be subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and our auditor's report will provide an opinion on it in relation to the financial statements as a whole:

1. Schedule of Administrative Expenses
2. Schedule of Employer Contributions
3. Schedule of Assets Held for Investment Purposes
4. Schedule of Reportable Transactions.

These financial statements and supplemental schedules are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA to be filed with Form 5500.

Audit Objective

The objective of our audit is the expression of an opinion about whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles, and whether the supplemental schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole and in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under

Audit Objective (continued)

ERISA. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and will include tests of the accounting records of the Plan and other procedures we consider necessary to enable us to express such an opinion.

We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or add an emphasis-of-matter or other-matter paragraph. If our opinion is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or to issue a report as a result of this engagement.

Audit Procedures

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and direct confirmation of investments, plan obligations and certain other assets and liabilities by correspondence with financial institutions, actuaries, and other third parties. We will also request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the plan or to acts by management or employees acting on behalf of the Plan.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential and will

Audit Procedures (continued)

include prohibited transactions in the supplemental schedule of nonexempt transactions as required by the instructions to Form 5500. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our audit will include obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. However, during the audit, we will communicate to you and those charged with governance internal control related matters that are required to be communicated under professional standards.

In addition, we will perform certain procedures directed at considering the Plan's compliance with applicable Internal Revenue Service (IRS) requirements for tax exempt status and ERISA plan qualification requirements. However, you should understand that our audit is not specifically designed for and should not be relied upon to disclose matters affecting plan qualifications or compliance with the ERISA and IRS requirements. If during the audit we become aware of any instances of any such matters or ways in which management practices can be improved, we will communicate them to you.

Management Responsibilities

You agree to assume all management responsibilities for the tax services and any other nonattest services we provide; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, and/or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

You are responsible for establishing and maintaining internal controls, including monitoring ongoing activities; for the selection and application of accounting principles; for establishing an accounting and financial reporting process for determining fair value measurements; for the acceptance of the actuarial methods and assumptions used by the actuary; and for the fair presentation in the financial statements of the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. generally accepted accounting principles. You are also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the plan from whom we determine it necessary to obtain audit evidence.

Management Responsibilities (continued)

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the written management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Plan involving (1) plan management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the plan received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the plan complies with applicable laws and regulations. You are also responsible for preparing the supplementary information in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

We understand that your personnel will prepare schedules and analyses for our use, will type all confirmations we request and will locate any invoices or other documents selected by us for testing.

Management is also responsible to notify us in advance of its intent to print our report, in whole or in part, and to give us the opportunity to review any printed material containing our report before its issuance. With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Tax Return Preparation

We will prepare the Plan's Form 5500, including required accounting schedules, for the year ended December 31, 2014. We may request your assistance in providing certain information and completing certain schedules for this form. We will provide you with advice regarding the preparation of the supporting information. It is your responsibility to provide all of the information required for the preparation of a complete and accurate form, including all required schedules, some of which are prepared and provided by other service providers (such as

Tax Return Preparation (continued)

Schedule A provided by the insurance company and Schedule MB provided by the actuary). Our work in connection with the preparation of your Form 5500 does not include any procedures designed to discover defalcations or other irregularities, should any exist. You have the final responsibility for the Form 5500 and the required supporting supplemental schedules and you should review them carefully before you sign them.

In addition, we will prepare the Form 990 for the year ended December 31, 2014. Even though we will prepare this form, management is ultimately responsible for the accurate and complete preparation and filing of the form. You should review the completed form carefully before you sign it.

This engagement does not include our commitment to prepare any other tax returns or informational returns for filing. You are responsible for determining what forms are required to be filed with all governmental and regulatory agencies and for the preparation and filing of these forms. If anything comes to our attention which would cause us to believe that additional forms which should be prepared and filed are not being filed, we will so advise you. If you determine that we should prepare these forms, a separate arrangement will be made. No additional forms are included in the fee arrangement covered by this letter.

Other Services We Will Perform

Although our firm has the capabilities to perform many other types of engagements involving accounting, auditing, planning and consulting, this engagement does not include our commitment to perform any additional services other than those described above. Should you wish to receive additional services we would be delighted to discuss them with you and enter into a separate arrangement to provide those services.
