Independent Auditor's Report

Board of Trustees
Industry and Local 338 Pension Fund

Report on the Financial Statements

We have audited the accompanying financial statements of the Industry and Local 338 Pension Fund (the "Plan") which comprise the statements of net assets available for benefits as of June 30, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years ended June 30, 2018 and 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2018, and the changes therein for the year ended June 30, 2018 and its financial status as of June 30, 2017, and its changes therein for the year ended June 30, 2017 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 14 through 17 is presented for purposes of additional analysis and is not a required part of the financial statements. The supplemental information on pages 14 through 16 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Note 1 - Description of Plan and Significant Accounting Policies

The following description of the Industry and Local 338 Pension Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan first became effective June 26, 1950 and is a defined benefit pension plan established under an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the Milk Drivers and Dairy Employees Local Union No. 338 and its successors, Teamsters Local 445, Teamsters Local 693 and Teamsters Local 697 (the "Unions") and various employers in the milk industry in the State of New York. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Purpose

The purpose of the Plan is to provide retirement benefits to eligible participants.

Participation

A participant is a pensioner, beneficiary or individual on whose behalf contributions are currently required to be made to the Plan by an employer subject to collective bargaining agreement with the Union. Participation begins on the earliest January 1 or July 1 after completion of four (4) months work in covered employment in a period of 12 consecutive months.

Benefits

In general, participants with 15 or more pension credits are entitled to monthly pension benefits beginning at normal retirement age. The Plan permits early retirement and other forms of retirement based on age and years of credited service (pension credits).

Pension credits are based on months of service. A participant accumulates 1/4 credit for each 2 months of employment with a maximum of one pension credit after 8 months in a year.

Monthly pension benefits are calculated based on accrual rates and pension credits earned as specified in the plan document.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Vesting

Participants generally become fully vested after five years of vesting service, as defined by the Plan. There is no partial vesting of benefits.

Plan termination

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it as provided for by the applicable Trust Agreement and Plan provisions. If the Plan is terminated, Plan assets will be allocated to provide benefits to those eligible under the terms of the Plan in the order of priority specified in the Plan and as otherwise required by law. The priority of benefits depends on a participant's status as retired or active, vested or unvested, and age at the time of Plan termination. Certain benefits are insured by the Pension Benefit Guaranty Corporation ("PBGC"). Whether all participants receive their benefits on Plan termination would depend on the sufficiency of the Plan's net assets to provide those benefits and may also depend on the level and type of benefits guaranteed by the PBGC.

Basis of accounting

The financial statements are presented on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. See "Fair value measurements" footnote for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expense allocation

The administrative office is occupied by the Plan and its related Welfare Fund. Certain expenses not specifically applicable to a particular entity are allocated based on the estimated benefit received by each entity. Amounts reported as receivable from related organizations or payable to related organizations generally include balances for shared expenses.

Reimbursements paid to related organizations for the years ended June 30, 2018 and 2017 were \$0 and \$13,879, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Note 2 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices, in active markets, for identical assets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs are generally based on the best information available which may include the reporting entity's own assumptions and data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies: Valued at the closing price reported in the active market in which the securities are traded.

Investments measured at net asset value: Value estimated by the management of the investment entities.

YEARS ENDED JUNE 30, 2018 AND 2017

Note 2 - Fair value measurements (cont'd)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of June 30, 2018, with fair value measurements on a recurring basis:

	<u>2018</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Note 3 - Cash

At times throughout the year the Plan may have, on deposit in banks, amounts in excess of FDIC insurance limits. The Plan has not experienced any losses in such accounts and the Trustees believe it is not exposed to any significant credit risks.

Note 4 - Common collective trust funds

Significant investments in common collective trust funds held by the Plan are as follows:

The SEI Core Property Collective Investment Trust Fund (the "Trust") was established by the SEI Trust Company. The Trust was specifically designed for the collective investment of assets of participating tax qualified pension and profit sharing plans and related trusts. The Trust is part of a "master feeder" complex, by which it invests substantially all of its assets in the SEI Core Property Fund, LP. This structure provides a means for eligible investors to participate in investments in various private investment funds, many of which will pursue U.S. Core Real Estate strategies. Withdrawals may be made from the Trust on the last business day of any calendar quarter, upon sixty-five (65) calendar days prior written notice. The value of withdrawals on any withdrawal date may be limited to twenty-five percent (25%) of the net asset value of the Trust on any given withdrawal date. As of June 30, 2018 and 2017, the estimated fair value of the Plan's investment was \$9,720,786 and \$8,954,203 respectively.

INDUSTRY AND LOCAL 338 PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Note 4 - Common collective trust funds (cont'd)

The SEI Special Situations Collective Investment Trust (the "Special Situations Fund") was established by the SEI Trust Company. The Special Situations Fund was specifically designed for the collective investment of assets of participating tax qualified pension and profit sharing plans and related trusts. The Special Situations Fund is part of a "master feeder" complex, by which it invests substantially all of its assets in the SEI Special Situations Fund, Ltd. This structure provides a means for eligible investors to participate in investments in various private investment funds, many of which will pursue hedged investment strategies. Following an initial 24-month lock-up period, for each subscription, participating plans will generally be permitted to redeem from the Special Situations Fund those units as to which the lock-up period has expired as of the last business day of June and December of each calendar year, upon ninety-five (95) calendar days prior written notice. The value of redemptions on any redemption date may be limited to twenty percent (20%) of the net asset value of the total amount held by the participating plan. As of June 30, 2018 and 2017, the estimated fair value of the Plan's investment was \$2,806,586 and \$2,635,349 respectively.

Note 5 - Party-in-interest transactions

Certain Plan investments are held by the manager of the investment, therefore, transactions relating to those investments qualify as exempt party-in-interest transactions and are identified as such on the supplemental schedules of investments.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Note 7 - Employers' withdrawal liability receivable

The gross withdrawal liability receivable as of June 30, 2018 and 2017 was \$1,644,357 and \$1,706,172, respectively, with corresponding allowance for doubtful accounts of \$740,505 and \$768,769, respectively.

INDUSTRY AND LOCAL 338 PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Note 8 - Employers' contributions

In accordance with collective bargaining agreements and participation agreements, employers are required to make contributions to the Plan on behalf of employees performing covered work. For the years ended June 30, 2018 and 2017, one employer contributed 42% and 44% of the total contributions, respectively.

Note 9 - Reconciliation of financial statements to Form 5500

For financial statement purposes, investment expenses are reported as a reduction of investment income. The reporting requirements of the Department of Labor require these fees be shown as administrative expenses.

The following is a reconciliation of the reclassifications:

	<u>Per Financial Statements</u>	<u>Reclassification</u>	<u>Per Form 5500</u>
Investment income (loss)	\$ 6,912,946	\$ 368,971	\$ 7,281,917
Contributions	<u>3,275,814</u>	<u>-</u>	<u>3,275,814</u>
Total additions	<u>10,188,760</u>	<u>368,971</u>	<u>10,557,731</u>
Benefits paid directly to participants or beneficiaries	8,058,876	-	8,058,876
Administrative expenses	<u>368,193</u>	<u>368,971</u>	<u>737,164</u>
Total deductions	<u>8,427,069</u>	<u>368,971</u>	<u>8,796,040</u>
Net increase (decrease)	<u>\$ 1,761,691</u>	<u>\$ -</u>	<u>\$ 1,761,691</u>

Note 10 - Tax status

The Plan has received a determination letter from the IRS dated June 18, 2015, stating that the Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Trustees believe that the Plan, including amendments subsequent to the IRS determination, is currently designed and operated in compliance with the requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Re: Communication of Financial Statement Audit Matters - June 30, 2018

We have audited the financial statements of Industry and Local 338 Pension Fund (the "Plan") for the year ended June 30, 2018, and have issued our report thereon. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you for the current year. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of the Organization's Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are disclosed in the notes to the financial statements. No new significant accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most significant estimates affecting the financial statements are as follows:

Management's estimate of the fair value of certain investments is based on quoted market prices of similar assets or inputs other than observable, quoted market prices.

Management's estimate of the present value of the accumulated plan benefit obligations is based on actuarial assumptions and the probability of payment as calculated by the Plan's actuary.

Management's estimate of employers' withdrawal liability is based on amounts calculated by the Plan's actuary and probability of collection.

We evaluated the key factors and assumptions used to develop the estimates identified above and determined that the amounts used are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements are as follows:

The actuarial present value of accumulated plan benefits and related disclosures in the notes to the financial statements.

The disclosure of the Plan's zone status under the Pension Protection Act in the notes to the financial statements.

Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Misstatements detected as a result of audit procedures do not include journal entries based on information provided by management, since they were recorded by us merely as a convenience to us or management.

Management has corrected all misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated as of the audit opinion letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Supplemental Schedules Required Under the DOL's Rules and Regulations for Reporting and Disclosure Under ERISA

With respect to the supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Other Supplemental Schedules

With respect to other supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This communication is intended solely for the information and use of management, the Board of Trustees, and others within the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

SCHULTHEIS & PANETTIERI, LLP
