Linda earned a B.S. and M.S. in Business from University of Maryland University College and achieved a CEBS designation from the IFEBP.

Dave came to Associated in 2011 when Associated acquired BSM. His extensive background gives him a solid understanding of benefits administration, client relations and customer service. He earned a B.S. in Accounting from the University of Maryland.

Ryan re-joined Associated in 2019. His background in network administration, knowledge of account management, and infrastructure and business systems will lead to his continued success at Associated, and serve the FELRA Funds well.

Colleen has been with Associated since 1995. Her background working with the FELRA Funds, including vendor implementations and internal communications regarding benefit plan changes, gives her a broad understanding of the need to quickly and accurately transfer information to those who need to know. Colleen earned a B.A. in English and Journalism from Clemson University.

Linda G. has been with Associated for more than 40 years, during which time she has provided administrative support to the Account Executive in charge of managing the FELRA Funds. Her background and tireless energy, dedication, and loyalty to Associated has contributed to the successful administration of the FELRA Funds and Associated.

Please join is in welcoming our Team to administration of the FELRA Funds upon Bill Jensen's retirement, which, as previously announced, takes place April 30.
